SciPost Physics Core,

Dear Editor,

We thank you for the opportunity to resubmit our manuscript entitled "Superconducting diode effect in a meso-wedge geometry with Abrikosov vortices" (manuscript ID: BV14591) for consideration in SciPost Physics Core.

In preparing this revised version, we have not only incorporated new content to strengthen the scientific scope of the work but also carefully revised the entire manuscript to enhance its clarity, coherence, and overall readability. All comments and suggestions provided by the referee have been addressed in detail, and we have made substantial efforts to clarify the motivation, methodology, and significance of our results.

We believe that these improvements, together with the additional material included, have considerably strengthened the manuscript. We are therefore confident that the revised version now meets the high standards of SciPost Physics Core, and we are pleased to resubmit it for your kind consideration.

Thank you for your consideration and we look forward to hearing from you.

Sincerely,

J. Faundez, on behalf of the authors.
